**“Magneto-sphere Rock (seRiEs)” batch-21 [2010] 3-17-17**

Once up theRe you relax, you hike around, you exploRe to a heart’s contentment and you see mining tailings, spoRe tRees, CO-2’s dead-conifeRs, oR the hEy buRn speaks backwaRds and forwards to you!

The public-Display is far diffeRent than the finished ‘pRoduCt’ that one may Receive (in good shipping oRdeR) w puRchase i.e. no middle wAteRmark. Dig? There may be two forthcoming impRovement (changes) as challenges for having the visual-Acuity: a) for you to view, is low “KB’s”; b) no explanation of matte and aluminum-Backing each much higher resolution MB’s (signed)–until now, has yet been politely given.

RemindeRs:

+ click on iMaGe to enlarge; stamp black-X to exit back column of iMaGes.

+ If you wish to purchase any in my website, list: a) batch-#... b) image # & entitlement in an e-Mail to e-Address... < apeco44rradison@gmail.com >

+ pRices vary according to one of two pRocesses availing. Sizes are more static, oNLY 2 per iMaGe.

If interested in purchases contact me @ < apeco44rraddison@gmail.com > utilizing batch-# and iMaGe no. as well as your e-Adresse`...I shall explain pricing w mating of two types, but yuou must first show what ones of your interests and the image has two ‘determinant’ sizes...

+ these iMaGeS aRe utilizing a smaller KB’s downsizing due the

fact that I had to purchase 3X what I wanted in the manner of software for downsizing, that ONLY werked "once"!

All purchases will be 10X the resolution-Factor seen: here.
