Renown annihilation by NSDU-238 the highway of Death is

When will the chief-Act hegemonyite: gHW Bushwhacky, be indicted for war-crimes of the second usages of the first: nuclear-molecular weapons? Will he die before his masse` murdering is known for Renown annihilation by NSDU-238? The highway of Death is known to Desert Storm veterans pro and con war, but morosely aghast at their own demise from the inject you, premise of vaccines and uranium-238. Soooo what kind of corporate teevvee or new-Sleaze was stated, instead of the guy should have been committed for sleaze-Addiction of masse` murdering Iraqs people in 1991? "R"

The former president had to undergo surgery to "protect and clear his airway". The statement says he is stable and resting comfortably in the ICU, where he will remain for observation.

There was fake news from various bourgeois internet and teevee sourcing. Too bad the tRuth has yet to be heard loud and clear. He is such a plutocrat, but should have been impeached by what is left remnant of the olde-Republic, before the raw-Goon admin tossed the Constitution away into the chem-tRails bins and GMO fertilizer sewerage station! AND

Not enough of you are really into anecdotes on and of "military-Hegemony". There are immense 'note taking' occasions for us to pertain and to ask what we "tRuly kN0"? We are not disdainful hegemonyites that support plutocrat/Elites such as gHW Bushwhacky! Many nites instead of wasting cash flow in beautiful american-Womens, but who knows what do they think in sex-Websites? Are they reading my bloGs and poems and data flow of iMaGeS? How about Prof. Michael Parenti. Does he not express political-Science thruout "all his you-Tube espose's"?

You know what is fReaky is the "we-people" not stopping the mad-Max, military-Hegemony, dumb-Fool, neo-Liberalist: machine. There are many books and much thinking, that i consort to control what my understanding and logic is. Much is placed into "bolGs" format @ nUkiEm0Le oRg. Try viewing this instead of FBook oogling who is what-sits?

You do not have to bet. Just partake of my recent one viewed twice over:

"Michael Parenti is a brilliant orator and one of this country's foremost independent political analysts. He has taught at major colleges and universities in the U.S. and abroad. He is the author of numerous books including 'Democracy for the Few', 'The Face of Imperialism' and 'The Assassination of Julius Caesar'... Recorded in Northridge, CA on April 04, 1990."

You know what they say, absolutism will lead determinism to the brink. gHW ought arrest himself and die of a NSDU-238, w a 10mm penetrator target practice session, instead of being allowed to watch sports regalia of the new-Rome enterprise. Hospitals are too good for his crime-is-sin-indicative, that egregious disassociation.
